Fish Fry Success

The St. Agnes Fryers presented St. Agnes School with a check for \$5860.86 on Thursday, April 23rd. This amount was the proceeds from the 3 fish fries held during the Lenten season. Our gratitude to John Songco, Travis Gould, Dan Warburton and Peter Wylie for heading up these events and to all the Knights members who helped cook and serve at the events. As well, thanks to Dominos, Arthur's Pizza, Flyover Brewery Quality Brands and Republic National Distributing for their donations. We appreciate all who made the fish fries a huge success.

## Student Led Mass

St. Agnes students led the 10:00 Mass on Sunday, April 26<sup>th</sup>. It was our final time to lead the parish at a weekend Mass. Our students are grateful for the opportunity to serve in this capacity and look forward to leading more weekend Masses in the fall.

## PK & K Visitation

New PK and kindergarten students for the class of 2026/27 enjoyed visiting their new classrooms when they were invited to visitation day on Tuesday, April 28<sup>th</sup>. The students enjoyed meeting their teachers and new friends, completing some fun activities in the classroom and playing outside at recess. New kindergarten students held an official signing ceremony. We look forward to having these students and their families join our school community in the fall.

## April 2026 100 CLUB WINNERS

**\$200:** Troy/Carol Herman; **\$100:** Shannon Hafner, Anonymous, Steve Larson; **\$65:** Mike/Von Merrigan **\$50:** Joe/Esther Sanchez, Tracy Smith-Adamson, Mary Lou Ditter, Sandy Butcher, Pete Brown, Dick/Susan Lessert, John/Claire Songco

**CONGRATULATIONS!**

## Spring Field Trips

The end of the school year means lots of extra adventures and fun learning experiences to close out the school year. Kindergarten and 5<sup>th</sup> grade kicked off the spring field trips when kindergarten visited the Legacy of the Plains Museum to attend the Trip Through Time fieldtrip. Here they learned about how tasks of today were done in the past. 5<sup>th</sup> grade enjoyed an outside education day at the Wildcat Hills where they put their newly honed science skills to work as they recorded and tried to identify things in nature. Multiple other trips are on the docket including 1<sup>st</sup> grade's visit to Wildcat Hills and 4<sup>th</sup> grade's trip to Chmney Rock. Our students love these end of year experiences.

## Hot Lunch Menu for May 4th, 2026 - May 8th, 2026

# What's Happening at St. Agnes School.....

## Kindergarten Class By Teri Ramirez

It has been a wonderful year filled with both learning and growth in kindergarten, and it is with mixed emotions that I say goodbye to my students. They have worked diligently throughout the year and are well deserving of a relaxing and enjoyable summer.

I would like to thank each child for the joy, memories, and learning we have shared. We have grown together in many ways, and each student has made a lasting impression that I will always cherish.

To the parents, thank you for entrusting me with your child's education this year. It has been a truly rewarding experience, and I will always hold your children in the highest regard.

Sincerely, Mrs. Ramirez

HAVE A  
**GREAT**  
SUMMER!

## Fifth Grade Class By Rob Polk

With the end of the school year looming, our fifth graders have seen many "finals" these past few weeks and have been able to experience a fun field trip and gotten a glimpse into their middle school futures.

In the final music program at St. Agnes, fifth grade led a thoughtful and faith-focused musical celebration. I'm confident they will run their race of faith as they transition into middle school.

Through their final MAPS tests of their St. Agnes careers, my students confidently faced many hard questions. (Welcome to life, young friends!) I'm pleased with the results of their learning efforts this year and am confident they will reap the benefits of their struggles for years to come.

On a recent "Science Adventure" to Wildcat Hills for a field trip, our class was able to appreciate God's wonderful creation on a new level and observe the way science and nature work within God's perfect design. They noted animal signs and human signs during their hike and enjoyed watching Ms. Amanda feed reptiles and amphibians in the Nature Center.

After a recent visit from their future school counselor at BMS, many discussions occurred about what classes they might have and what things they should look forward to next year as sixth graders. It was fun to witness their excitement for what lies ahead.

On Monday, they escorted kindergarten students through many career fair stations hosted by family and friends. It's always fun for me to see them lead the younger students with patience.

As captains of kickball teams this year, my students have been hard at work ordering their kicking rosters and strategizing defensive positions for each student-athlete on their teams. I wish them all the best! By the time you read this message, our Kickball Tournament will have its champions, and our 5th graders will be two weeks shy of their last day as St. Agnes students! It's been a pleasure to witness their growth over the course of the year. God Bless! - Mr. Polk
